Name: _____

Finding 10 less

Learning objective: To be able to work out 10 less than any given number.

Work out what 10 less of these numbers are:

10 **less than** 20 = _____

10 **less than** 30 = _____

10 **less than** 60 = _____

10 **less than** 70 = _____

10 **less than** 10 = _____

10 **less than** 90 = _____

10 **less than** 40 = _____

10 **less than** 80 = _____

Using your number squares, work out what 10 less than these numbers are:

10 **less than** 44 = _____

10 **less than** 12 = _____

10 **less than** 19 = _____

10 **less than** 10 = _____

10 **less than** 15 = _____

10 **less than** 25 = _____

10 **less than** 18 = _____

10 **less than** 59 = _____

Name: _____

Finding 10 less

Learning objective: To be able to work out 10 less than any given number.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

Using the number square, work out 10 less of these numbers:

10 **less than** 20 = _____

10 **less than** 30 = _____

10 **less than** 60 = _____

10 **less than** 70 = _____

10 **less than** 18 = _____

10 **less than** 17 = _____

10 **less than** 15 = _____

10 **less than** 35 = _____

10 **less than** 48 = _____

10 **less than** 67 = _____

10 **less than** 12 = _____

10 **less than** 98 = _____

Name: _____

Learning objective: To be able to work out 10 less than a number.

Draw lines to match these numbers to the number that is 10 more:

Number chosen:	10 less?
25	15

10	**70**	**25**	**84**	**46**
35	20	56	80	94
